To Whom It May Concern

I am writing you to ask for your help professionally concerning a serious situation involving my family and my personal life. This is a situation that has gone on for years now and has caused much harm criminally and civilly to myself. It is overly complex and involved multiple individuals in separate, but equal branches of government. It has spanned across (most recently) the last five years, multiple states, and involved numerous federal and State, Local, Tribal, and Territorial public officials.
